School visits of the Alliance Française de Brisbane

On 18th of October 2007, six girls from Glenmore High School de Rockhampton North came with their teacher Pascale Levacher to visit the French stage in Brisbane. They went to Mansfield State High where a program of immersion is developed. Then, after a petit-déjeuner at Chouquette, they joined us at Alliance Française for a morning of activities: we did a presentation on the francophone network and then discovered some French music. Finally, we sung some karaoke.

On 21st of November 2007, Alliance Française received 6 students from the Queensland Academy for Science, Maths and Technology with their teacher Lesley Micheletti. The two hour workshop focused on French advertisements and touched briefly on French music (Nadiya "Parle-moi"). The students participated actively and it was a pleasure for us to introduce them to this part of French culture.

A few days after on Friday 23 November, Alliance Française held the Prize giving ceremony to reward the winners of La Belle France and Alain Duval competitions. It was a surprise for the Lauréat of La Pérouse (first prize of Alain Duval competition) to know he would fly to New Caledonia for the Easter holidays next year. Congratulations to Douglas Bell of Brisbane Grammar School and many thanks to our sponsors.

Book your tour of Alliance Française for 2008! Alliance Française can also organize a tailor-made visit to your school with French guests. You want more extra-curricular activities for the kids: please discover Le Calendrier 2008 which offers many cultural and social activities in French.
